

## Byron W. Baker

### Senior Vice President, Operations

Byron W. Baker joined the Company in April 1997 as Operations Manager in Mexico. In 1999, he was named International Offshore Operations Manager. In February 2000, Mr. Baker was appointed Vice President, Offshore Operations and named Sr. Vice President Equipment, Operations and Regulatory in August 2001. In May 2002, he was named Sr. Vice President, Gulf of Mexico Operations, Equipment and Regulatory. He was appointed Sr. Vice President Gulf of Mexico, Mexico Caribbean and South America in September 2003, and was named Sr. Vice President, Worldwide Fleet Operations and Equipment in July 2007. Prior to joining Global, he served as Operations Manager at J. Ray McDermott. In addition to serving at McDermott, he served in an operational capacity at Offshore Pipelines, Inc. and Brown & Root, Inc. He has more than thirty-two years of experience in the offshore construction industry.
