

John B. Reed

Chief Executive Officer

John B. Reed joined Global as CEO in March, 2010 with more than thirty years experience in the offshore construction industry. Most recently, he served as Chief Executive Officer of Heerema Marine Contractors after holding a number of other senior roles with the Heerema Group including Chief Executive Officer of INTEC Engineering, Inc.

He previously held a number of other management roles at Heerema in project management, business development and engineering capacities. While at Heerema, he played a key role in the company's entrance into the deepwater pipelay market and directed INTEC's efforts to extend its capabilities in the areas of deepwater pipeline/flowline and riser design, long distance delivery management, Arctic pipelines, and marine LNG services.

He holds a Bachelors degree in Engineering from the University of Mississippi and an MBA from Delta State University. Mr. Reed previously served as a member of the Board of Directors of the National Ocean Industries Association, is a past President of the International Pipeline Offshore Contractors Association (IPLOCA) and past Chairman of the International Marine Contractors Association, America's Deepwater Division. He has also has completed a program for executive development at the International Institute of Management Development in Switzerland, and is affiliated with the Marine Technology Society.
